About Me

I'm highly passionate person in the workspace. A clear understanding of tasks and try to solve them in an efficient way, and willing to expand my knowledge and acquire new skills.

Skills

- Python
- Networking
- Basics of HTML
- Redhat Linux
- Operating Systems
- Cloud Computing
- Problem Solving

BADGES

ACHIEVEMENTS

- 5 star Python, Problem Solving in Hackerrank Platform.
- solved over 300+ problems on platforms like Leetcode, Geeks for Geeks, CodeChef

PROJECTS

- **Automated webserver installation using ansible**
we launched the DEVASC VM and configured Ansible then verify the communications with local webserver, created Ansible playbooks to Automate webserver installation.
- **Subnetting Using Python**
A solution for generating subnet masks for a network based on the requirement of the user, this helps to use the subnet of any ip address easily.

Education

Graduation (CGPA:8.5)

- pursuing B-tech 3rd year ECE in Aditya Engineering College(AEC), Surampalem.(2019-2023)

Intermediate (CGPA:9)

- Aditya Junior college, Amalapuram.(2017-2019)

SSC (CGPA:8.8)

- ZP High School, Kandikuppa.(2016-2017)

Certifications & Achievements

- Microsoft Technology Associate(MTA) in Python
- ORACLE Certified Foundations Associate
- DEVNET ASSOCIATE by Cisco Networking Academy
- CCNA by Cisco Networking Academy

Coding Profiles

LeetCode

Geeks for Geeks
